Dear Families,

The annual Australian Maths Competition (AMC), run by the Australian Mathematics Trust, is being held on Thursday 1 August 2019. Its aim is to attract and engage all interested maths students from Years 3 to 12. The paper consists of 30 questions and students will have 60 minutes in which to complete as many questions as possible.

More than 40 countries participate annually in this competition. Around 50% of participants qualify to receive a Certificate of High Distinction, Distinction or Credit. All other entrants in the competition receive a Certificate of Participation or Proficiency. Students are also provided with a detailed report showing how they performed on each problem, with wider statistical rankings.

We are inviting students to participate, at a cost of \$6.50 per student. Please return the attached form by Thursday 20 June (Week 8, Term 2) if your child would like to participate.

Regards,
 Gina Meyers
