Touch Typing

Dear Parents/Carers,

As a part of Digital Literacy at Lyneham and to prepare our senior students (years 3-6) for the new online NAPLAN we are beginning touch typing training. There will be **no cost** for this program and will be run in class time.

Your child will need to have returned their ICT Network Permissions note which allows them to access the computers and G-Suite at school. If you are unsure if you have returned this in the past please see the front office.

You will also need to return the following slip, providing permission for a username to be generated in order for your child to use *TypeQuick's Amazing Keyboard Adventure*.

Regards,

Charlotte Stevens

Touch Typing Permission Form

I give permission for my
child.....

from class to participate in the TypeQuick online touch typing training
and for a username to be generated for my child.
